Report of Educational Tour to Hyderabad

The tour was organised by the Gramgeeta Mahavidyalaya, Chimur for under graduate students of B.Sc. I, B.Sc. II and B.Sc. III to the Hyderabad from dated 24th February to 27th February 2019. During this period of time students visited the renowned institute IICT, Hyderabad, to make them aware of R & D activities in chemistry and environmental science. There were total 25 students and 5 faculty members visited the institute.

The visit started with Nehru Zoological Park on 24th February 2019. Nehru Zoological Park opened to the public on 6th October 1963. The Park is run by Forest Department, Government of Telangana, and is named after the first Prime Minister of India, Jawaharlal Nehru. There were about 100 species of birds, animals and reptiles. Students were enjoyed roamed through the entire park and taking pictures.

The 2nd day of tour was reserved for the visiting the CSIR IICT. IICT is one of the renowned institute. IICT running the various R&D projects related to chemistry and chemical technology field. The institute has various types of analytical instruments which are used for identification, characterization of the chemical compound. The scientists were demonstrated the Nuclear Magnetic Resonance (NMR) Spectroscopy, X-Ray Crystallography, Mass Spectrometry, FTIR, HPLC, CHNSO, Gas Chromatography etc. The visit to IICT was very beneficial, interesting and knowledgeable for the students as they got an opportunity to interact with scientist and demonstration of instruments during their visit.

On the next day of tour it was planned to visit the famous Ramoji Film City. Here students enjoyed in roaming the entire area.
